

## Product Comparison

eSight Essential provides a selection of the key techniques from the eSight suite, available in a simple to use kit which can be purchased online and downloaded. Features have been included based on key requirements of energy and facilities managers and are presented in an extremely intuitive user interface.

The following product comparison provides an insight into what is included within eSight Essential. If you require additional functionality, the full eSight suite may be purchased. If you are interested in discussing a full eSight system, please visit [www.eSightenergy.com/Sales/RequestInformation.aspx](http://www.eSightenergy.com/Sales/RequestInformation.aspx) to tell us more about your requirements and request further information.

Licence	eSight Essential			eSight
	25	50	75
